

**PEDIATRICS ACADEMIC DEPARTMENT
RESPIRATORY UNIT**

We would like to invite applications at the Bambino Gesù Children's Hospital for one position of clinical researcher under the active group led by Dr. Renato Cutrera. The position involves undertaking research in pediatric respiratory diseases, with focus on Interstitial Lung Diseases (ILD) and Primary Ciliary Dyskinesia (PCD). The candidate will be directly involved to collaborate in international research projects on ILD and PCD.

Degree in Medicine is requested. Board certificate in Pediatrics as well as clinical and research expertise in the field of pediatric respiratory diseases would be considered an advantage.

Knowledge in English and Italian languages is a requirement to be eligible.

A starting 12-months (renewable up to 36 months) clinical research position will be awarded to the successful candidate. Position and salary will depend on qualification and experience.

Review of applications will begin immediately and will continue until the position is filled.

Applications, including the applicant's CV and the name/address of two reference persons, should be submitted to direzione.scientifica@opbg.net, quoting the code OPBG2018/04.

Please contact Dr. Renato Cutrera (renato.cutrera@opbg.net) for any further information.
